

AIRPOWER® AIR FILTER ASSEMBLIES

Vortron Industrial provides a single source for your complete air blow-off process, All **AIRPOWER®** accessory components have been engineered to compliment our high-efficiency blowers and air-knives, providing maximum velocity and mass flow at the lowest operational cost. Selection of the proper components will assure you of superior air-knife system performance.

Engineered For Maximum Performance of Your AIRPOWER® System!

Our Air Superiority air intake filters are designed to mount directly on the inlet of the **AIRPOWER®** X40, Z40 and J70 blowers. Three filter elements are available:

- Paper - 99% efficient at 2-micron particle size.
- Polyester - 99% efficient at 5-micron particle size.
- HEPA - 99.97% efficient at 0.3 micron particle size.
- All Air Superiority filters include Polyfoam pre-filters to extend life and maintenance interval. (Standard)

Description: Paper/Polyester Filters Element Rating	600 CFM	1000 CFM	1400 CFM
OD	12.0"	12.0"	12.0"
Connection-Tubular OD	5.0"	5.0"	5.0"
Length (L)	8.0"	14.0"	20.0"
Housing Material	Carbon Steel		
Finish	Baked Enamel		
Approximate Weight	13.4 lbs.	15.5 lbs.	17.6 lbs.
